

Individuals and organisations as one two-mode network

Cumulative, 1957–2026, at minister rank and above. Circles are people, squares are organisations, and every edge is one published appointment; there are no person–person or body–body edges, because the gazette records only the two-mode tie.

(a) The connected two-mode network — 390 people, 41 organisations, 565 posts

(b) Its 2-core: the 81 people who served in more than one body, and the 29 bodies that link them
