

Women's share of Tunisian listed-company directors, 2005-2026

Directors of BVMT-listed companies, 2005-2026. Gender is read from the honorific the filer printed (M./Mme), never guessed from the given name; the 27-70% of directors carrying no honorific are counted as unknown, never as men.

Share of directors whose gender the filing records. Marker area is the number of such directors that year (28-134). Source: CMF filings. Code: [scripts/figures_women centrality.py](#)
